

*“Where the Spirit leads, the Word feeds, and the
Ministry meets life's needs”*

Dr. Claybon Lea, Jr. ~ Senior Pastor

Greetings,

In light of the tragic Atlas/Silverado/Sonoma/Santa Rosa (North-Bay) fires raging this week and last, we are praying for all families impacted by this tragedy. Our sincerest condolences go out to the fire victims and those who suffer loss. We salute the first responders and those who are helping to put the fires out not just in the North Bay, but throughout California.

Mount Calvary Baptist Church is here to help as we seek to be a resource to the community. We are working with authorities to find the best and safest ways to assist without impacting the firefighters and authorities who continue to fight the fires. We are assessing needs, working with shelters, and collecting clothing items that will help those affected. In the interim, we are closing our campus until Sunday 10/15/17 due to air quality issues. This includes our weekly Food Pantry. Our goal is to protect our employees and congregants from the poor air quality as much as possible. We plan to worship as normal on Sunday at all 4 services.

If anyone has a disaster relief need related to the area fires, please email our Dream Center Team at dreamcenter@mcbebs.org or call 707-399-2483.

Be safe and God bless!
